

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

FARMERS' EXCHANGE DEPARTMENT

T. M. Mills, County Demonstration Agent.....Prosperity, S. C.
Miss Willie Mae Wise, Home Economics.....Prosperity, S. C.

The Monticello Home Demonstration club will meet the second Friday, June 9th, at 4 o'clock at the residence of Mrs. Z. W. Bedenbaugh.

Folding Ironing Board.

This ironing board is a step saver. Being hinged to the wall, it is always ready and in place. It may be hooked up against the wall out of the way when not in use. The leg is hinged to the board and falls flat when the board is lifted. With it down and in use, the leg is not in the way and skirts may be ironed without lifting or changing. The directions for making are as follows:

Length—57 in., rounded at free end.

Width—a, attached end, 15 in. b. Free end, 10 1/2 in.

Leg—a, 58 1/2 in., to be changed to suit height of board. b. Attach to board 11 in. from free end.

Hinges—To be attached by hinges to the wall 33 in. from the floor. For use by person above average height board should be higher, which will require a longer leg.

Wood—To be made of thoroughly seasoned wood 11-2 in. in thickness.

Cover.

Padding—Any heavy material such as cotton flannel or a partially worn out blanket. a. Cut to shape of board, allowing 2 in. on each side and end. a. Bring extra 2 in. to underside of board and tack firmly and smoothly in place.

Ironing Sheet—Use bleached muslin (homespun). a. Cut to shape of board, allowing 4 in. on sides and end and hem all around. b. Attach tapes on opposite sides, about 10 in. apart. Tie the sheet on with these tapes. c. Make two sheets.

The cover and sheet may be left on when putting the board up by allowing sufficient space when adjusting the button or screw hook and eye which holds the board in place.

Preserving.

In making preserves, the object is to have the fruit permeated with sirup. Care must be taken to do this gradually so as to prevent the shrinking and toughening which results when fruit is placed at once in very dense sirup. It is also important not to pack the finished preserves in sirup heavy enough to crystallize later.

Preserved Berries.

Practically the same methods are to be followed in preserving and making jams of all berries. Berries should be gathered in shallow trays or baskets and not in deep vessels which allow them to be bruised and crushed. They should be uniform, ripe, and sound. Select only large, firm berries for preserving; those for jam may contain the smaller and broken ones. All berries should be carefully sorted and lightly washed by placing in a colander and pouring water over them rather than putting them into a pan of water.

To retain the best possible color and flavor, sirup for preserved berries should be made of a berry juice obtained by crushing, heating and straining the softer, broken berries. Add 1 pint of sugar to each pint of berry juice and allow to boil 10 minutes. Weigh the choice perfect berries after removing the caps or stems and allow 1 pound of sugar extra for each pound of whole berries. Add the extra sugar to the sirup, bring to a boil and skim. Remove from the fire and cool sirup before dropping the berries into it to prevent shriveling and toughening the fruit. Place over the fire and bring slowly to a boil and simmer until the berries are heated through being very careful not to overcook; the berries should remain whole. Lift the berries from the sirup and place carefully into shallow pans. Pour sirup over them and allow to stand over night. Pack cold filling the jar with berries before pouring the sirup over them. Cap, process, and seal. The preserves may be packed hot, after removing from the fire, capped and processed immediately. The sirup in which berry preserves are packed will often need to be boiled down after removing berries.

Jam.

In selecting berries for jam, the ripe broken ones suggested above will give fine color and flavor, but at the same time there should always be about one-half the quantity which are slightly underripe. This is necessary to give a jelly-like consistency to the

product. Cooking in small quantities also helps to retain color and flavor. Weigh the berries and allow three-fourths pound of sugar to each pound of fruit. Rapid cooking with constant care is essential.

In stirring jam use a wooden spoon or paddle, moving it across the center of the vessel first one way and then the opposite and next around the pan, gently moving the mixture from the bottom of the pan, being careful not to stir rapidly or beat. When finished it will give the same test as required from finished jelly; that is, when a little is held a moment, cooled in a spoon and allowed to drop from the side of the spoon it will not pour but will fall in a sheet or flake.

Winthrop College.

SCHOLARSHIP AND ENTRANCE EXAMINATION

The examination for the award of vacant scholarships in Winthrop College and for the admission of new students will be held at the county court house on Friday, July 7, at 9 a. m. Applicants must not be less than sixteen years of age. When scholarships are vacant after July 7 they will be awarded to those making them, provided they meet the conditions governing the award. Applicants for scholarships should write to President Johnson before the examination for scholarship examination blanks.

Scholarships are worth \$100 and free tuition. The next session will open September 20, 1916. For further information and catalogue, address Pres. D. B. Johnson, Rock Hill, S. C.

DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore existing by and between Charles J. Purcell and Patrick E. Scott, under the firm name of Purcell and Scott, has been dissolved by mutual consent, and that all the assets of the said partnership have been sold and transferred to The Purcell Company, a corporation under the laws of the State of South Carolina, and that said corporation has assumed all obligations and liabilities of the said partnership.

Charles J. Purcell,
Patrick E. Scott,
The Purcell Company, by
Charles J. Purcell,
President.

Joint Council Meeting.

The joint council of the pastorate of St. Paul, Bachman Chapel and St. Phillips Lutheran churches will hold a meeting at the Bachman Chapel church on Friday afternoon, June 9, at 3 o'clock. All the members are urged to be present.

J. A. C. Kibler,
Chairman.

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

HUSBAND IN DESPAIR SICK ALL HER LIFE

WIFE HAD CEASED EATING AND SUFFERED CONTINUALLY

HAS APPETITE NOW

Mrs. J. H. Johnson, of No. 7 Charlotte street, Charleston, wife of J. R. Johnson, the well known engineer on the Seaboard Air-Line Railroad, after having received medical advice in Virginia, North Carolina and Tennessee at different intervals since she was fifteen years of age to the effect that she was suffering from ulcerated stomach and gall stone, gives a vivid illustration of what Tanlac is doing in accomplishing for like sufferers.

She had stomach trouble all her life, was prone to fits of vomiting and was absolutely lacking in appetite. After taking only two doses of Tanlac, she declares, she ate the first food that she had eaten in sixteen weeks.

"I suffered from stomach trouble all my life," states Mrs. Johnson. "When I was two years old I was given up by my physicians to die, and again when I was fifteen years old. I have had, according to eminent medical advice in Virginia, North Carolina and Tennessee, gall stone and ulcerated stomach, and they finally said an obstruction in my stomach. On consulting medical advice in Charleston, I was informed that it was impossible to state just what the trouble was.

"My most distressing symptom was vomiting. For sixteen weeks before I took Tanlac I had been unable to retain anything on my stomach—not even medicine or raw eggs. I was told I would have died for lack of nourishment if I had not been so stout. I weighed 227 pounds before I took sick, and I have really lived on superfluous flesh for bodily nourishment. My husband had given up all hope. One evening recently I remarked how badly and emaciated I looked. Mr. Johnson burst out crying, and said, 'Lucy, don't say that. Just think! One month ago I thought you would die. I had given up all hope, and here you are nearly well!'

"It is true. I have taken a little over three bottles of Tanlac. After taking only two doses—now, don't laugh; it is a fact—after I had taken two doses I ate the first food I had eaten in sixteen weeks. I consider that wonderful indeed. I am now eating nearly everything I want. I have not vomited since I took my second dose of Tanlac and I am feeling much stronger.

"I certainly do recommend Tanlac for what it has done for me. I had nearly given up hope, and Tanlac has done what I didn't think any medicine or physician could do. It is simply wonderful. I can not say enough good things about it."

Tanlac, the master medicine, is sold exclusively by Gilder & Weeks, Newberry; Prosperity Drug Co., Prosperity; Little Mountain Drug Co., Little Mountain; Dr. W. O. Holloway, Chappells; Whitmire Pharmacy, Whitmire; D. J. Livingston, Silverstreet. Price \$1 per bottle straight.—Adv.

NOTICE OF ELECTION IN FORK SCHOOL DISTRICT NO. 55.

Whereas, one-third of the resident electors and a like proportion of the resident freeholders of the age of twenty-one years, in the Fork school district No. 55 of the County of Newberry, State of South Carolina, have filed a petition with the County Board of Education of Newberry County, South Carolina, petitioning and requesting that an election be held in said School District on the question of levying an additional tax of two (2) mills to be collected on all the taxable property within the said School District.

Now, therefore, we the undersigned, composing the County Board of Education for Newberry County, State of South Carolina, do hereby order the Board of Trustees of the Fork School District No. 55, to hold an election on the said question of levying an additional special tax of two (2) mills to be collected on the property located in the said School District, which said election shall be held at the Fork school House in said School District No. 55, on Saturday, the 24th day of June, 1916, at which said election the polls shall be opened at 7 a. m. and closed at 4 p. m.

The members of the Board of Trustees of said School District shall act as managers of said election. Only such electors as reside in said School District and return real or personal property for taxation, and who exhibit their tax receipts and registration certificates as required in general elections, shall be allowed to vote. Electors favoring the levy of such tax shall cast a ballot containing the word "Yes" written or printed thereon, and each elector opposed to such levy shall cast a ballot containing the word "No" written or printed thereon.

Given under our hands and seal this the 5th day of June, 1916.

Chas. P. Barre,
O. B. Cannon.

Ben M. Selzer,
Members of County Board of Education.

NOTICE OF FINAL SETTLEMENT

I will make a final settlement as guardian of the estate of William Stuck and Lula Pearl Stuck, in the probate court for Newberry county S. C., on the 9th day of June, 1916, at 10 o'clock in the forenoon and will immediately thereafter ask for a final discharge as guardian of said estate.

J. W. Stuck,

May 8, 1916.

Guardian.

Children's Day.

We will have our children's day exercises in the Mollohon church on the 2nd Sunday night in June at 7:30 o'clock. We invite everybody to come. We have a very pretty program. Come and help us to get the banner for our school.

Respectfully,
J. M. Swindler,
Superintendent.

W. R. Bouknight,
Pastor.

Corns Come Off LIKE Banana Peel

Wonderful, Simple "Gets-It" Never Fails to Remove Any Corn Easily.

"Wouldn't it jar you? Here I've been going along for years, with one desperate corn after another, trying to get rid of them with salves that

Wait! Use Sure "Gets-It" for Those Corns and Save Your Life and Your Toes!

eat off the toes, tapes that stick to the stocking, bandages and plasters that make a package of the toes, trying blood-bringing razors and scissors. Then I tried "Gets-It" just once and you ought to have seen that corn come off—just like a banana peel. It's simple, wonderful. It's the new way, painless, applied in two seconds, never hurts healthy flesh or irritates. Nothing to press on the corn. Never fails. Quit the old ways for once anyway and try "Gets-It" tonight. For corns, calluses, warts and bunions. "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Newberry and recommended as the world's best corn remedy by Gilder & Weeks, W. G. Mayes and P. E. Way.

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.
